### **IMPORTANT NOTES**

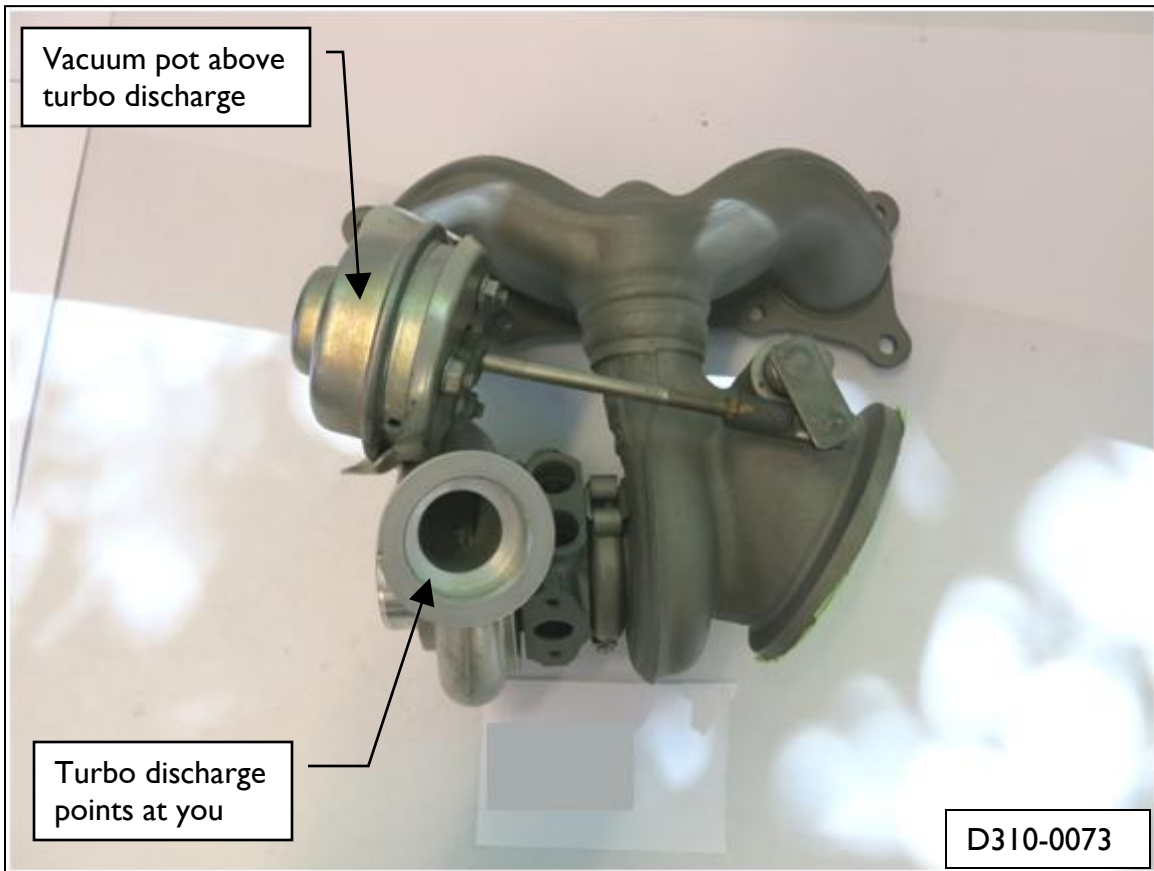

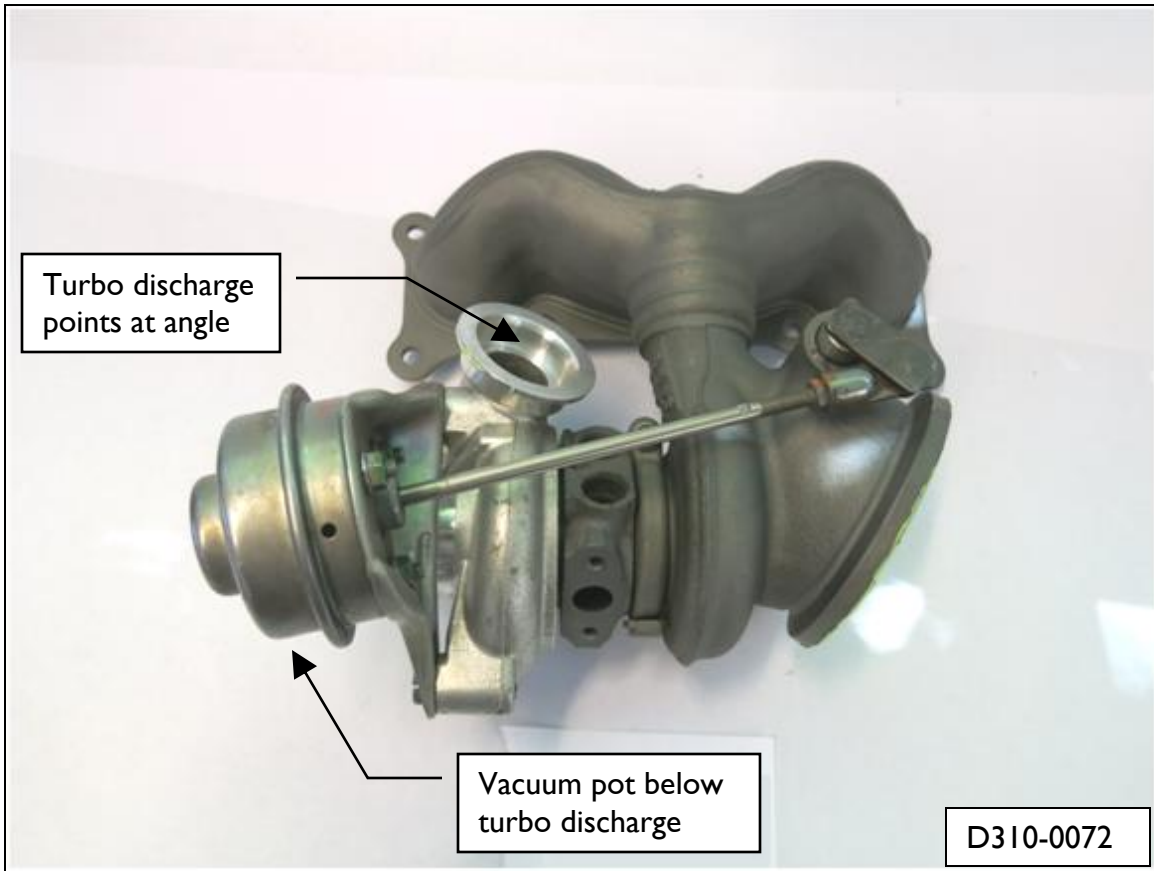

- See BMW recommended procedure for gaskets & hardware that must be replaced during turbocharger installation. These items are not included in this kit, and must be purchased separately.
- If you'd like to purchase these items from Dinan, please contact your sales representative regarding p/n D313-0010 N54 Turbo Hardware Kit.

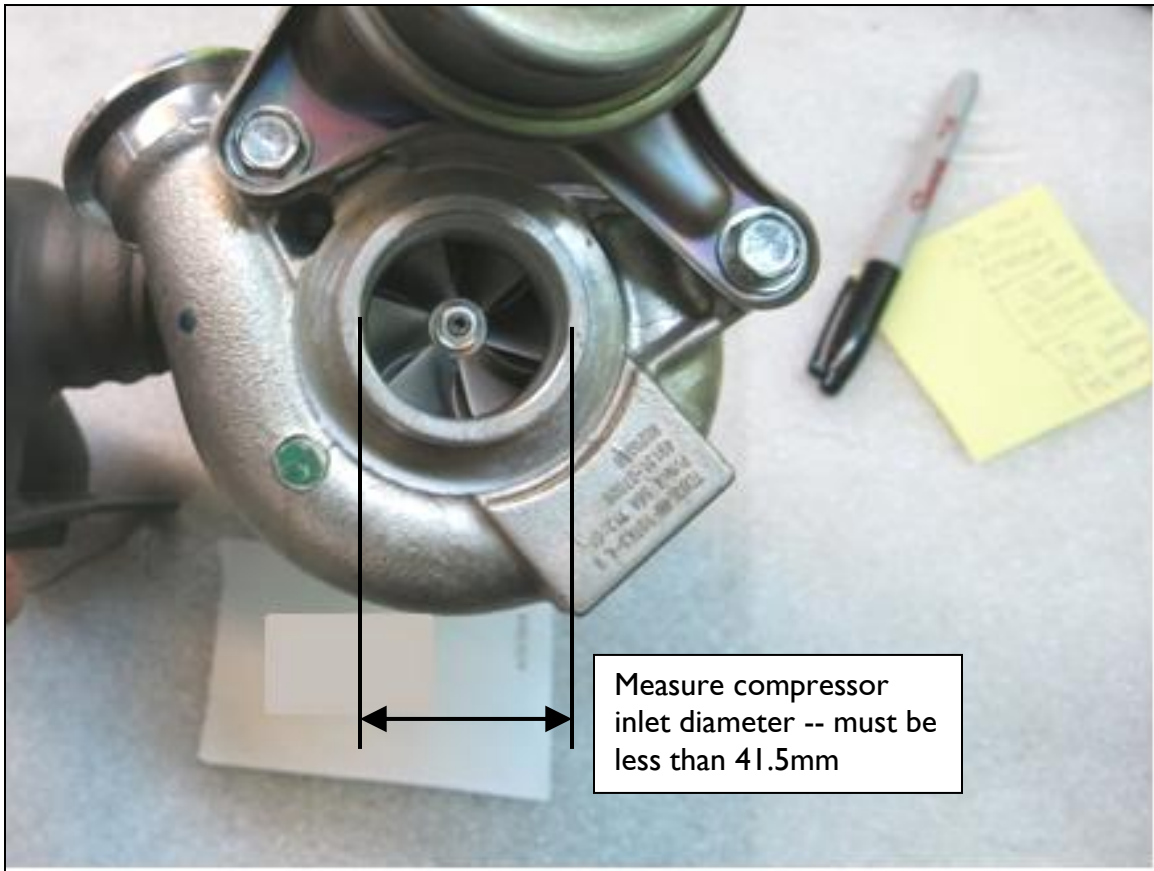

### **INSTALLATION INSTRUCTIONS**

- I. This kit a front OR rear turbocharger for your vehicle. Before beginning installation, examine the turbocharger to ensure it is correct for your vehicle:
  - Confirm the Dinan part number per the chart
  - Verify the part number on the compressor housing per the chart
  - Examine appearance per the photographs
  - Verify the inlet diameter

Dinan P/N	P/N on Compressor Housing	Vehicle applications:
D310-0071	7 593 015, or 7 583 863, or 4 564 710, or 7 563 685, or 7 649 289	I35i front turbo, or I-M Coupe front turbo, or Z4 35i/35is front turbo, or 335i front turbo
D310-0072	7 593 017, or 7 583 865, or 4 564 712, or 7 563 687, or 7 649 291	I35i rear turbo, or I-M Coupe rear turbo, or Z4 35i/35is front turbo, or 335i rear turbo (right-hand drive + rear wheel drive ONLY)
D310-0073	7 593 016, or 7 583 864, or 4 564 711, or 7 563 686, or 7 649 290	335i/xi/is rear turbo (left hand drive), or 335xi rear turbo (right- hand drive)

2. Do not begin installation if you do not have the correct front and rear turbocharger for your application -- contact Dinan if you have any questions!
3. Evaluate and repair all faults stored in the ECU memories **before** proceeding with kit installation.
4. Install turbochargers per BMW recommended procedure.
5. Enjoy!
